

General Motors And GE Strikes Settled; Other Disputes Locked

(By The Associated Press)
The nation's labor front, clouded for months by disputes which slowed the reconversion program, was as bright as a spring morning today as settlement of two prolonged and costly strikes in the automotive and electrical industries indicated a return to work of some 275,000 employees.

The back-to-work calls were delayed pending acceptance by the strikers of settlements reached yesterday in the 113-day-old walkout of 175,000 employees of General Motors and in the two-month-long work stoppage by 100,000 General Electric employees.

The CIO unions involved in two of the country's major disputes settled with the companies with identical agreements relating to wage increases—18½ cents an hour. An early return to work of the 275,000 workers in the GM and GE plants would mean a sharp reduction in the ranks of the idle because of labor disputes. From a near all-time high of more than 1,500,000 in January, the idle, now approximately 750,000, would drop to about 475,000.

Other Disputes
Main disputes which continued to keep idle thousands included 150,000 CIO Steelworkers, mostly employed in fabricating plants not affected by recent settlements between the union and major steel producers; 75,000 CIO Electrical workers at Westinghouse company; 40,000 CIO workers in farm machinery plants, and about 50,000 independent CIO and AFL machinists and related workers in San Francisco.

No hitch was indicated in getting the GM and GE strikers back to their jobs as quickly as possible, and approval of the agreements by the rank and file of the two unions was expected.

The ending of the work stoppages, sharply curtailing the production of automobiles and of industrial and home electrical appliances, was hailed.

Goering Says He Sought Aid For Franco To Balk Red Surge

By NOLAND NORGARD
Neurenberg, March 14 (AP)—Hermann Goering testified before the International Military Tribunal today that he asked Adolf Hitler to send help to Generalissimo Francisco Franco during the Spanish civil war "to prevent the spread of Communism and to try our young air force experimentally."

"At that time," said Goering of Nazi intervention in Spain, "I had an opportunity to see if we had the proper equipment, and I saw to it that the personnel got some experience."

"Young men continually went and returned."

He said Franco asked for aid, "particularly air aid."

Goering, resuming direct testimony in his own behalf, boasted that his Luftwaffe was responsible for the swift conquest of Poland, "just as the American air force assured the Allied victory."

Issued Jew Decrees
He confirmed that he ordered the Nazi aircraft industry to develop a bomber capable of flying to the United States and back, insisting that they do this work "expeditiously in case America entered the war."

The lack of aluminum and technological planning caused him to forego development of long-range, four-engine bombers, Goering said.

Goering also accepted "full and complete responsibility" for all anti-Jewish economic decrees which bore his signature. He told the court that although he received many written and verbal orders from Hitler to carry out anti-Jewish laws, he did "not propose in any way to hide behind the Fuehrer."

Turning to the German departure from the League of Nations and her institution of rearmament, Goering told the tribunal:

"When it was clear that other (Please Turn to Page 8)

FRUITGROWERS PLAN FARM AND LABORATORY IN 4-COUNTY AREA

State College officials Wednesday gave fruit growers from Adams, York, Franklin and Cumberland counties the "go ahead" signal on plans of the growers to establish an experimental laboratory and research farm to replace the present crowded quarters at the State College fruit laboratory at Arendtsville.

Meeting at the Knouse Corporation building at Peach Glen, members of the board of trustees and department heads of State College, fruit growers, members of the advisory committee of the Arendtsville laboratory and county agents from the four counties talked over the plans for setting up of new quarters for the research men.

Under the plan adopted by the 35 men present the growers will form the South Mountain Fruit Laboratories corporation to raise money for the project, purchase a small farm for research somewhere in the four-county area and then build a new laboratory building on the farm and equip the building.

Location Not Decided
When the construction work is completed the staff now at Arendtsville will move to the new laboratory and continue there the work now being done at Arendtsville. The staff will continue to work as part of the State College and will receive all directions as to their work from State College, it was pointed out at the meeting.

State College in turn will pay rent for the new laboratory and farm until the cost of the purchase and building is paid for. At that time the property will be deeded to State College. To raise the money for the (Please Turn to Page 8)

Police Surprise Prowlers Who Flee

Borough police at 4:30 a. m. today surprised two prowlers at the Hankey and Plank garage and service station, York street, but the men got away by running to the Western Maryland railroad tracks in the rear of the place, across the railroad bridge over Rock creek and to their automobile parked farther east on the Lincoln highway. Nothing was reported missing at the garage.

WOMAN'S CLUB VOTES TO JOIN WELFARE GROUP

The March meeting of the Gettysburg Woman's club was held Wednesday afternoon at the YWCA building on the square with the president, Mrs. William C. Tyson, presiding. Mrs. Earl E. Ziegler gave the treasurer's report.

The meeting was opened with the reading of the club litany and the Lord's Prayer.

Mrs. R. S. Saby, chairman of the Youth Conservation committee, asked that all sections of the Youth Survey report be completed by March 27.

Mrs. Dunning Idle, Sr., reported on a meeting of the Adams County Welfare Council. The Woman's club voted to join the council as a corporate member.

The club approved the appointing of a committee by the Adams County Welfare Council to study and plan for the Living Memorial for World War II. Mrs. Tyson appointed Mrs. Idle, Sr., to represent the club on such a committee.

Present Program
Mrs. Thomas L. Cline, drama chairman of the club, who was in charge of the program for the afternoon, introduced Mrs. John E. Sanderson who played as piano solos McDowell's "Concert Etude" and "Shadow Dance." Dr. Richard A. Arms, also introduced by Mrs. Cline, reviewed the current Broadway play, "I Remember Mama."

A St. Patrick's motif was used in the decorations and table appointments. Mrs. Earl Bowen presided at the tea table with the following members serving as hostesses: Mrs. Edgar L. Deardorff, Miss Bess Hoke, Mrs. Carl E. Oyler, Mrs. J. Ellis Musselman, Mrs. George Zerling, Mrs. J. J. Munley and Mrs. Albert Partner.

Court Announces Calendar Changes

Desertion and non-support cases will be heard by the Adams county court Saturday April 20 instead of the scheduled date of Friday, April 19, Judge W. C. Sheely said today. The change in date was made because the previously announced date would fall on Good Friday, the judge said. The April term of court opens Monday, April 22.

FATHER AND SON PARTNERSHIPS ON FARM URGED

Partnerships between fathers and sons on the farm were urged as a "continuing project that will pay dividends by producing better farmers" Wednesday evening at the annual Father and Son banquet of the Battlefield Chapter of the Future Farmers of America held in the local high school cafeteria.

Elmer H. Schriver, agricultural education director at the high school, urged the farmers to "sell your son a one-fourth, or a one-third partnership in the farm. Then he will feel the farm is his and will have more incentive to become a good farmer."

"Farming today is a scientific business. A farmer must be a mechanic, a bookkeeper and a scientist if he is to meet the competition that now exists. In the days of our grandfathers four out of every five persons in the country were farmers; today only one out of five makes his living on the farm—and much of the reason is that there is no room in farming today for the person who is not a business man."

Awards Presented
Five members of the chapter, Daniel Hoffman, Floyd Reynolds, Richard and Paul Waybright and Frederick Andrews, were awarded FFA pins for their work during the past year in projects, scholarship and club activities.

A Keystone farmer charm was presented to Virgil Hartman, member of the local FFA chapter, who won the Keystone farmer award this spring in state-wide competition.

Richard Waybright was presented with a \$5 award for having the best farm accounts project in the county. The award was made by the National Farm Loan association and was presented by C. Baker Bernhart.

Edgar Weaner in a short talk urged that the agriculture students be given more instruction in farm financing by "their fathers, the bankers and agriculture teachers working together."

Urged to Continue Projects
Richard C. Lighter, county vocational education adviser, urged the students to continue projects they start at the beginning of their school period throughout the time they are engaged in the projects. In that manner, he asserted, "you will gain (Please Turn to Page 8)

COUNTY SCHOOL ELECTION APR. 9

The 160 members of school boards throughout Adams county and the five members of the county school board will meet at the court house April 9 at 10 a. m. to elect a county superintendent of schools and fix the salaries of assistant superintendent and supervisor of special education, according to a legal advertisement appearing in The Gettysburg Times today.

The four-year term of J. Floyd Slaybaugh, county superintendent of schools, expires this year. Mr. Slaybaugh said today that he would make no announcement of his candidacy for re-election until letters are sent out approximately a week before the meeting to school board members.

Two other Adams county men have been mentioned for the position, Elmer M. Gruver, East Berlin, and Charles Taylor, Donaldson, Pa. Both the assistant superintendent and the supervisor of special education are appointed by the superintendent. The incumbents are Dr. Robert A. Bream, assistant superintendent, and Dr. Ralph Scalford. Both receive \$3,000 a year. Salary of the superintendent is \$3,500.

Ex-Servicemen Now Run Service Station

If an airplane were to land on Buford avenue and drive up to the Cities Service station there seeking gasoline and service at least one of the two new proprietors of the station would be able to take care of the customer without the slightest hesitation.

F. Lawrence and C. Staley, West Middle street, brothers who recently leased the station formerly run by Jack Swisher, are both returned World War II veterans. C. Staley was in the air force and spent most of his army career servicing planes, from the tiny Cubs to the biggest of bombers.

BRITISH BRIDE AND BABE ARE DUE SATURDAY

Adams county will receive its sixth English war bride, and first baby born in England Saturday when Mrs. Charles L. McClain arrives in New York aboard the S. S. Saturnia.

Mrs. McClain, the former Dorothy Parker of Northampton, England, is the wife of former Staff Sergeant Charles L. McClain, only son of Mr. and Mrs. Clarence McClain, Fairfield R. 1.

A telegram received today by the Adams County Red Cross announced that Mrs. McClain and her daughter, Sue Ann, are aboard the ship.

Former Sergeant McClain has never seen his daughter, who was born July 23, 1945, in Northampton. McClain returned to the U. S. last June 29 and was discharged from the army in September. He was overseas 34 months.

Husband To Meet Them
The 36-year-old former air corps soldier has resumed his duties with the Harry Masser Express of Hagerstown. McClain works in Baltimore for the company and his family said today he plans to reside in Baltimore with his bride in the near future.

The couple was married August 23, 1944, in a 500-year-old Episcopal church in Northampton while McClain was stationed at an army air base in England.

McClain and his mother were planning to go to New York to meet the younger Mrs. McClain when the ship arrives there. They plan to spend Saturday night in Philadelphia with friends before returning to the McClain home near Fairfield.

SCOUT BOARD OF REVIEW TO MEET FRIDAY

The first monthly board of review to be held by the Black Walnut (Adams county) district of the Boy Scouts will be held Friday evening at 7:30 o'clock, the Rev. Dr. Dwight F. Putman, chairman of advancement for the district, announced today.

The board will meet at the Lincoln school.

All Boy Scouts in the Black Walnut district must successfully pass the board in order to receive promotions, Dr. Putman said. Those who successfully complete their work before the board will be awarded merit badge pins, or first and second class badges at a District Court of Honor to be held Friday, March 29, at Gettysburg high school, he added.

Cites Examples
Scouts appearing before the board of review should assist the board by submitting for display or demonstration any equipment, products of his work or other materials which will provide evidence and be a measuring stick of the scout's endeavors for advancement," Doctor Putman added. As examples he listed a signalling flag or buzzer with which to demonstrate proficiency in signalling, "first aid equipment for demonstrations in (Please Turn to Page 2)

Justice Dismisses Charge Of Assault

A charge of aggravated assault and battery filed March 10 against William H. Dubbs, Jr., rear of Carlisle street, was dismissed by Justice of the Peace Robert P. Snyder, in a decision handed down Wednesday night. A hearing was held Tuesday night, at which decision was reserved. The complainant in the case was Dubbs' sister, Jeanne Sterner, Gettysburg R. 2. She charged that her brother struck her with a bottle.

CAR, BUS COLLIDE
Paul E. Mentzer, Carlisle R. 1, while driving west on West high street, Carlisle, recently ran into the rear of a bus which had stopped for a red signal at Pitt street, police reported. Mentzer was uninjured. The front of his car was damaged considerably. The bus, the property of Jay W. Bringham, Gettysburg, was operated by Norman Becker, Bendersville, and was not damaged.

Stalin Accuses Churchill Of Sowing Seeds Of Quarrel

By REMBERT JAMES
Moscow, March 14 (AP)—Generalissimo Stalin, in a sharp personal attack, accused Winston Churchill yesterday of sowing the seeds of quarrels between war-time allies and of trying to bring about world war by English-speaking nations.

"Mr. Churchill and his friends in this respect astonishingly resemble Hitler and his friends," Stalin said in an interview with a correspondent of Pravda, Communist party newspaper.

Replying to Churchill's speech of March 5 at Fulton, Mo., in which the former British prime minister advocated a virtual American-British military alliance, Stalin said:

"Hitler began inciting war by proclaiming the race theory and declaring that only German speaking people were a superior nation."

"Mr. Churchill and his friends in England and the United States present nations not speaking the Eng-

Frat Head Returns Two Stolen Flags

Two flags, an American flag and a Red Cross banner, placed on poles in center square when the annual Red Cross drive opened March 1, and which disappeared last Saturday night, have been recovered.

Borough police know the "how," if they don't know the "who," of their disappearance. Members of a Gettysburg college fraternity were credited with having "shinned" up the light poles and removed the flags.

Borough police said today that the president of the fraternity had returned the flags to police custody. Now it remains to be seen who will climb the poles and replace them.

NEW DONATIONS BOOST TOTAL FOR RED CROSS

With reports received so far only from Gettysburg and Gettysburg R. D. the Adams county Red Cross War Fund reached the \$2,326.60 mark this morning. The quota for the drive being conducted this month is \$14,050.

Mrs. Donald P. McPherson, Sr., headed the list of those giving \$5 or more announced today by the Red Cross. Her donation was \$100. Gifts of \$50 each were received from Virginia O. Huddle and the Order of the Eastern Star, chapter 392.

A total of \$47 was turned in by the members of the U. S. Forest Service Navy War Mapping staff located along the Emmitsburg road. Their contribution was listed under Gettysburg R. D. and marks the first district other than Gettysburg to make a report so far.

Other Contributions
The Bendersville Community Fire company sent a \$25 check to the Red Cross for the drive and Roy W. Schriver gave \$20. Three donations of \$15 each were received, from A. B. Harris, the Peoples Drug Store and Mrs. H. H. Blocher.

Ten dollar gifts were presented by the Ladies' Auxiliary of the Irishtown Fire company, the Tuesday Bridge club, the American Legion auxiliary, Dr. and Mrs. Charles H. Huber, Mrs. W. E. Roth, Mrs. E. Mae Beales and J. W. Elliott.

Donations of \$5 each were given by the Rebekah lodge, Blaine Kitzmiller, Col. and Mrs. J. D. Hershey, Mr. and Mrs. J. L. Fogle, Mr. and Mrs. M. P. Hartzell, Robert W. Young, Ira Williams, Shuman's, Martin's Shoe store, Riffle and Shulley store, Mrs. Elizabeth Hughes and J. E. King.

McSherrystown Tax Rate Remains Same

The 1946 budget for McSherrystown, with the tax remaining at 15 mills, was approved by the town council Monday evening at the monthly business meeting. President George Ackerman was in charge. The budget was on display in the office of the secretary, J. Francis Yake, Jr., from February 25 until March 11. Secretary Yake was authorized to prepare, within fifteen days from the meeting date, copies of the budget and the tax ordinance which are to be filed with the Department of Internal Affairs at Harrisburg.

METHODISTS TO CONSIDER PLANS FOR RENOVATION

Members of the Methodist church will be presented with plans for renovation of the church property at a meeting Sunday evening, it was learned today. Members of the trustees were scheduled to meet tonight to complete the proposed program.

First report on the proposals in their preliminary state was presented Tuesday evening at the fourth quarterly conference of the local Methodist church.

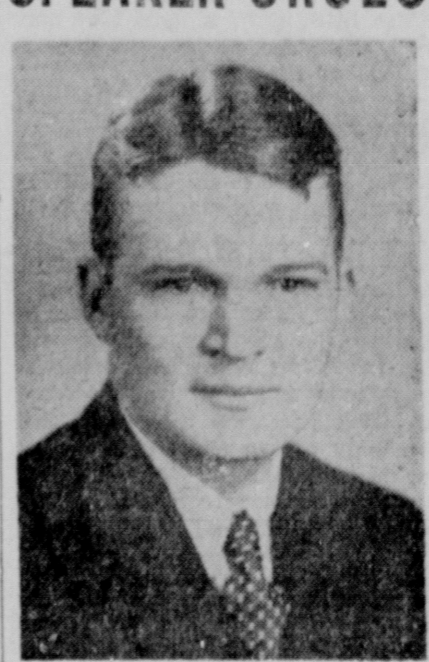

Reports of officers of the church and of the pastor were presented at Tuesday's session at which Dr. Roland R. Lehman, Harrisburg district superintendent of the Methodist church presided.

Attendance Mounts
Twenty-three accessions to the church during the first 11 months of the year were reported and the financial report disclosed that all benevolent obligations had been met. Average attendance at the morning worship service has grown from 91 in May last year to 130 at the present. Overall average at the evening services was 91.

New officers were elected for the coming year with William H. Penny and C. O. Schweitzer named as trustees for three years and Robert E. Berkhimer was re-elected a trustee for a three year term. There are nine trustees in all.

Stewards elected included C. W. Cook, Mr. and Mrs. Milton R. Remmel, John Clapsaddle, Frank Forrest, Mrs. Florence Grindler, Miss Verna Kitzmiller, Mrs. Augusta Morrow, Theodore D. Hay, Miss Margaret Myers, Mrs. Anna Tate, Mr. and Mrs. William Wavell, Wayne Weigle, Emory Zepp, George W. Naugle, Mr. and Mrs. G. R. 126 HS Girls Pass In Home Nursing

One hundred and twenty-six high school girls in Gettysburg, Littlestown, Fairfield, Arendtsville, Biglerville and York Springs were enrolled in home nursing classes during 1945, and received certificates upon the completion of the courses, Mrs. Arthur E. Rice, Jr., Biglerville, chairman of the home nursing committee of the Adams county chapter of the Red Cross, announced today.

The high school courses were taught by the four school nurses. In addition to the certificates, those who completed the courses received half credits from the state to apply on their school work. Two adult classes were taught, and 22 received certificates. Courses were started this year in two other high schools, New Oxford and East Berlin, the Red Cross employing a registered nurse to present the instruction.

COUNTY SOCIETY ELECTS SEVEN NEW DIRECTORS

Officers of the Adams County Society for Crippled Children were re-elected at the annual organization meeting Wednesday afternoon at the Hotel Eberhart. At the same session 18 directors were re-elected and seven new members named to the board.

Dr. R. S. Saby continues as president of the organization for another year. The other officers the group retained are: Dr. Dwight F. Putman, vice president; C. A. Willis, Fairfield, treasurer, and Mrs. Elizabeth Grieb, Gettysburg, secretary.

New members of the board are: Mrs. J. T. Fogle, local civic nurse; Dr. R. M. Hale, Arendtsville; William Dentler, Cashtown; Mrs. Eugene Elgin, East Berlin; the Rev. George S. Stoneback, Fairfield; Wilbur A. Bankert, Littlestown, and Mrs. William Himes, New Oxford.

Consider Fund Campaign
Board members who were re-elected include: Dr. Bruce N. Wolff, Fred G. Pfeffer, Miss Margaret McMillan, George F. Eberhart, Mrs. Mildred Shover, Miss Mildred Eden, Mrs. Verna Myers, the Rev. Howard S. Fox, Dr. Frank N. Britcher, and Hugh C. McIlhenny, all of Gettysburg; Mrs. Rosalie Raffensperger, Arendtsville; Mrs. Wilda MacBeth, Mrs. Ruth Crawford and C. P. Keener, all of Biglerville; Mrs. Ira Henderson, Fairfield; Mrs. Edna B. Sterner, Hanover R. 3; Mrs. Brenda Walker, Littlestown; and Mrs. Pius I. Topper, McSherrystown.

Doctor Saby presided at the meeting at which Miss Eden, state nurse for Adams county, presented a monthly report and the board authorized necessary expenditures for transportation, special shoes and braces required.

Renewing a discussion opened last month, the directors decided to ask Doctor Hale to attend the next meeting in April to talk over means and advisability of having a county nurse trained to give the Sister Kenny treatment in polio cases. Polio cases last year in the county required the Sister Kenny treatment, board members pointed out.

Mrs. Grieb and Mr. McIlhenny were named to a committee to recommend plans at the April meeting for a fund campaign by the society to replenish the treasury which has been depleted by the omission of campaigns during the war years.

PRESBYTERIAN GUILD ELECTS

Mrs. Harold J. Pegg was re-elected president of the Ladies' Guild of the Presbyterian church at the March meeting Wednesday evening at the church with about 40 members in attendance.

Other officers for the year are: First vice president, Mrs. E. Donald Scott; second vice president, Mrs. John K. Lott; recording secretary, Mrs. C. Ross Shuman; corresponding secretary, Mrs. Anna Plank; treasurer, Mrs. J. Clarence Bristor, and historian, Miss Martha Neely.

It was decided to form a fifth circle in the guild to be made up of young people up to 25 years of age. The Guild voted \$25 to the Pennsylvania school for Indians at Canada, Ariz., and made plans for a covered dish luncheon in connection with the next meeting on April 9 when new officers will be installed. Circle 4 will be in charge of the program for that meeting.

Opening devotions were conducted by Mrs. W. Mark Johns and Mrs. Richard A. Brown reported progress on the preparation of a constitution and by-laws.

After the business meeting Miss Anna Dundore sang four selections accompanied by Miss Esther Gray, both of the college. Miss Dundore sang "Until," "Calm as the Night," "Bless This House," and "Last Rose of Summer." Refreshments were served after the meeting.

GENERAL WOULD END OCCUPATION OF AUSTRIA SOON

By DEWITT MACKENZIE
(AP World Traveler)

Vienna, March 14—Your correspondent has come away from a highly interesting but informal conversation with Gen. Mark Clark, American Commander in Chief in Austria, with the distinct impression that he would like to see all the Allied forces of occupation—Russian, British, French and American—withdraw from this country by next fall and the administration turned over to the Austrian government.

As a matter of fact, I understand that there is before the Allied council a proposal for a withdrawal. However, one suspects that if I've interpreted the general's feeling correctly, he is indulging in a wish rather than any strong expectation that such a withdrawal may take place.

While the British, French and Americans might be prepared to pull out under a four-power agreement, I've found no indication that the Russians would subscribe to any such procedure at an early date. The signs have been that the Muscovites figure a long period of control in Austria to be necessary. Certainly there will be no withdrawal unless all four participate.

Terrific Financial Strain

I found General Clark viewing the Austrian position from a horse-sense standpoint based on a wide knowledge of the whole European problem. We covered a lot of territory in our conversation—and his vision reaches far beyond the borders of his personal command. It's my guess, too, that more than a bit of the humanitarian is involved in his calculations.

Having heard that Mrs. Clark was coming to Austria, I asked when she was arriving, and the general's grin broadened as he opined she would be among the first contingent of soldiers' wives to arrive in this zone next month. It was clear he was as pleased as punch.

Not Like Germany

I've referred to General Clark's horse-sense and humanitarian outlook. I believe one of his main reasons for wanting to see Austria turned back to its own government as soon as feasible is that the military occupation is a terrific financial strain on the little country and will bleed it while it long continued.

Austria, of course, hasn't been placed by the Allies in the category of Hitlerite Germany as a menace to peace. Austria was overrun by the Nazi dictator, and so was perhaps more sinned against than sinning, although that doesn't absolve her from blame. However, those are points I didn't discuss with General Clark and are my own observations.

By the way, I almost forgot to say that the general—and this will interest Mrs. Clark—is looking as fit as a professional athlete.

FIREMEN PLAN ANNUAL BAZAAR

The Gettysburg Fire company, at its regular meeting at the engine house Wednesday evening, initiated plans for its annual bazaar with the appointment by President James B. Aumen, of a bazaar committee, with D. C. Stallsmith as general chairman. The committee will make arrangements and set a date. Other members of the committee are S. Richard Eisenhart, George D. March, M. E. Crouse, Emory Strausbaugh and Raymond Menges.

A property committee, whose work it will be to check fire company uniforms, was also named. Luther McDonnell is chairman. Other members are Emory Strausbaugh, Edward Culp, M. E. Crouse and Francis Stevens. President Aumen reported the purchase of a new American flag and staff, to be carried in parades, for \$27.10, as authorized at the previous month's meeting.

The firemen voted a donation of \$100 to the Blue and Gray band, and a donation of \$100 to the Red Cross.

HOME ON FURLOUGH

Sgt. Robert L. Carter, 2 York street, who has been stationed at Camp Crowder, Mo., is home on furlough, and will report at the end of his leave for duty at the Pentagon building, Washington, D. C.

TO DECIDE ON UNIFORMS

Decision on the selection of new uniforms is to be reached by members of the Blue and Gray band at their weekly rehearsal and business meeting this evening at 8 o'clock at the engine house.

Give!

A contribution of \$5.66 to the 1946 Red Cross fund will provide a set of nine games for blind veterans in hospitals. Give to the Red Cross to help carry on its rehabilitation and recreation work for disabled servicemen.

A \$5 contribution to the Red Cross fund campaign will provide for five home visits by Red Cross public health nurses to the sick in needy families.

VALERIE SHORB WEDS LT. JONES

The wedding of Miss Valerie Shorb, daughter of Mr. and Mrs. Charles E. Shorb, 211 North Seton avenue, Emmitsburg, and Lieut. (jg) Harry D. Jones, U.S.N.R., of Pittsburgh, took place on March 2 at 7 p. m. in the chapel at the Naval Air Station, Jacksonville, Fla. The ceremony was performed by Lieut. Terrence McMahon, chaplain.

The bride was attired in a powder blue suit, with navy accessories and wore a corsage of pink rosebuds. Miss Irene Shorb, sister of the bride, was her maid of honor. She wore a dusty pink dress with black accessories. Her corsage was of tallisman roses.

Lieut. Jones had as his best man Ensign John Bryant, of Louisiana. Miss Kathleen Topper, Emmitsburg, and Lieut. (jg) John McMahon, of Philadelphia, also witnessed the ceremony, together with a number of other friends of the couple.

The traditional wedding marches were played by the organist of the chapel.

After the ceremony a dinner was served at the officers' club to members of the bridal party and guests after which the couple left on a wedding trip to St. Augustine, Fla. Upon their return they will reside in Jacksonville.

Mrs. Jones is a graduate of St. Joseph College high school, Emmitsburg, and spent several years in training at Mercy hospital, Baltimore under the U. S. Nurses Corps. Until recently she was employed in the office of Dr. Robert McVaugh, Taneytown.

Lieut. Jones attended George Washington university, Washington, D. C., until his enlistment in the Navy Air Corps. He served for nine months in the Pacific aboard the U. S. S. Hornet, returning to this country last August.

Army To Relieve 47,000 Officers

Washington, March 14 (AP)—The War department announced today it intended to speed the discharge of more than 47,000 officers.

The action came amidst persistent rumors that the army had alerted reserves because of the tense international situation. The department has said such reports were "without foundation."

Under instructions sent to all commands, most officers with two years' service as of next August 31 will be released by that date provided they wish to return to civil life.

Exceptions are regulars, Medical Corps officers, those who volunteer to remain longer in service, and officers in certain scarce categories.

NAB BURGLARS

Philadelphia, March 14 (AP)—Two Pottstown (Pa.) men were held in jail here today on charges of burglary and robbery pending a hearing tomorrow. Detective Lieutenant Irwin Mock reported. Mock said the men were Jeremiah Kulp, 25, and Jacqueline Kerr, 24. He said police recovered \$20,000 worth of loot from pawnshops in the Reading-Pottstown area and from Kerr's room.

SOLDIER SUICIDE

Menlo Park, Calif., March 14 (AP)—A police official expressed the opinion today that Pfc. Daniel Benjamin Murek, of Duquesne, Pa., committed suicide at Dibble Army General hospital where he was a patient. The 19-year-old soldier was found dead from stab wounds Sunday.

ODD FELLOWS GIVE DEGREE

With an attendance of approximately 60 members, the degree of Love, the middle link in the triad emblematic of the Independent Order of Odd Fellows, was conferred upon a class of 19 candidates in the local lodge rooms, Tuesday evening.

In the absence of Lawrence M. Sheads, degree master, David A. Tawney assumed the captaincy of the team. Jesse E. Snyder served as noble grand for the degree and conferred the unwritten work peculiar to the degree; C. A. Helges took the position of chaplain, while the other parts were exemplified by members.

Three of the candidates were admitted to the local lodge, while 13 became members of York Springs lodge No. 211.

In addition to the candidates from the York Springs lodge, 30 members were in attendance, together with three members of South Mountain lodge No. 1200, Dillsburg, and one representative of Valley Home lodge, Fairfield.

Included in the class from the local lodge were K. O. Deardoff, Melvin Little and Donald Carver. Those from York Springs were: Clay R. Snyder, Guy W. Lobaugh, George W. Golden, Guy L. Tanger, Merle K. Huff, Harry Trostle, Fred L. Stough, Thurman Inskip, William H. Brown, Kent E. Golden, Robert M. Kennedy, Jr., Clarence E. Drake, Thomas Cleaver, Adam F. Lobaugh, Ernest D. Wright and Charles E. Loy.

Following conferral of the degree brief remarks were given by Donald Miller, noble grand of York Springs lodge, and Norman Stary and George Inskip, members, while N. B. Schurman spoke briefly as a member of Gettys lodge.

The third and final degree peculiar to the order—the degree of Truth—will be conferred at the next stated meeting next Tuesday evening. At the same meeting candidates for officers for the next term will be nominated, to be followed by the semi-annual election on March 26.

SELECT ESSAY PRIZE WINNER

Nancy J. Amick, 126 West Broadway, a student at Gettysburg high school, will be awarded first prize in the essay contest held recently at the high school by the Gettysburg American Legion Auxiliary.

Mrs. Joseph E. Codori, president of the auxiliary, said Miss Amick's essay on "American Citizens—Our Responsibilities and Our Privileges" was selected by a committee of judges as the best of the group written by members of Miss Ruth McIlhenny's English classes at the high school.

Runner-up in the contest was Betty Leeming, of the Hoffman Home, Littlestown R. 1. Miss Amick will receive a \$3 award and Miss Leeming \$2. The winning essay was sent today to be judged in a district contest. The winner of that contest will be entered in a national essay contest being conducted by the American Legion Auxiliary on the American citizenship theme. First prize nationally is \$100.

CHILDREN TO EXECUTE WILL

A daughter and four sons are named executors of the will of Margaret E. Shoemaker, Littlestown, who died February 26, and whose will has been admitted to probate at the court house here. They are Irene N., Walter D., Clarence P., Lester E. and Charles E. Shoemaker, all of Littlestown.

The petition shows the estate consists of \$10,000 real and \$5,000 personal property. Real estate consists of a house on North Queen street in Littlestown and a 100-acre farm in Germany township. Sale of the real estate is directed in the will, and division of the estate among the five children.

The will of Harvey A. Scott, Freedom township, who died March 6, has been probated, and letters issued to a nephew, William McClean Scott, Gettysburg R. 2.

CANDIDATES TO DRAW FOR POSTS

The Adams county commissioners will sit as a county board of elections Tuesday, March 19, at which time candidates for positions where there are contests will draw for positions on the primary ballots.

The Republicans have a contest for county chairman, with John H. Baschore, incumbent, and Arthur H. Shields, prothonotary, filing petitions, and a three-way contest for vice chairman among Mrs. Esther M. Hayberger, incumbent, Mrs. J. A. Alen Anderson and Mrs. Evelyn Swope Collins. There are few committee contests in the county.

Four petitions were returned by the commissioner's office today, two of them because they lacked the required affidavits, and two others because they were filed too late. Monday afternoon at 4 o'clock was the deadline. One petition was not received until today.

ma of brotherhood promulgated by Christ—can the world be saved from another and more disastrous war.

"The basic solidarity of all mankind was assumed in the teachings of Jesus," Doctor Thomas asserted, "our emphasis upon individualism and the rights of the person has blurred the significance of our human interdependence."

"One aspect within the world situation which is heartening is the recognition that while economics, sociology and other sciences are involved, the solution turns ultimately upon the hearts, rather than the minds of man."

Missions Needed
"Missions are needed to spread the word of Christ to other nations and individuals, but missions are no effective substitute for the lack of racial and economic justice here at home. The unity of the world demands that there be no separation between home and foreign missions; there is but one world, one race of man, all of whom are God's children in need of fellowship and love," he added.

Doctor Thomas and Leighton C. Taylor, Bendersville attorney, were the speakers at Wednesday's sessions which were opened by Dr. Henry W. A. Hanson, president of the college at a chapel service in the morning.

Dr. F. Epling Reinhart, pastor of the Holy Trinity Lutheran church, New York city, will speak on "There Must Be a Way" and "Christianity the Way for You and Me" at sessions this afternoon and evening while Dr. Warren D. Doctor Putman also announced that assistance can be obtained by scoutmasters or scouts from Snead Clift, local field executive who services the Black Walnut district on Wednesdays and Saturdays. Clift can be contacted by calling the Gettysburg Motor Club, phone 10-Y.

RUSS COLUMNS CHANGE COURSE

Tehran, March 14 (AP)—A column of Russian troops which left Tabriz in Azerbaijan was reported today to have swung westward in the direction of the Turkish border.

Marshal Ivan Bagramian, Russian expert on tank warfare and campaigning in difficult terrain, has been in Tabriz two or three weeks, sources disclosed last night. Bagramian made his reputation as commander on the Baltic front in the war with Germany.

The Russian column which left Tabriz at first was reported moving northward toward the Soviet border. At Marand, however, it turned westward toward Khol, north of Lake Urmia and near the Turkish border.

Tabriz is about 40 miles directly east of the lake. Other Soviet forces were reported yesterday to have moved south of the lake at Miyandub, near the Iraq border.

Moving mostly at night, another column was reported at Mianeh, southeast of Lake Urmia and the northern terminus of the railroad leading to Tehran. A hard-surfaced road also connects Mianeh with Kazvin, Tehran and Karaj, 20 miles north of Tehran. Soviet tanks, fuel and troops were seen yesterday at Karaj.

Marine Vet New Bucknell Coach

Lewisburg, Pa., March 14 (AP)—William H. Lane, a marine corps veteran, has been named baseball coach at Bucknell university, succeeding John J. Sitarsky, who was forced to withdraw from coaching because of injuries suffered during the fighting in Germany.

Albert E. Humphreys, university athletic director, in announcing the change said that Sitarsky would remain on the Bucknell staff as a member of the physical education department.

J. E. (Woody) Ludwig, who did most of the active coaching of all sports at Bucknell during the war, including football, has been named as head track coach. He succeeds John D. Plant, who retired from active coaching but retained his post as director of physical education for men.

Caps Are Champs Of West Division

(By The Associated Press) The Indianapolis Capitals are the new champions of the American Hockey league's western division today.

The second-place Pittsburgh Hornets were mathematically eliminated last night when they were held to a 6-6 tie by the Hershey Bears in Hershey.

It was the third pennant the Caps have won since the 1936-37 season and they will receive the Teddy Oake cup which is awarded annually to the western division flag winner. The Cleveland Barons, in third place this season, won the trophy last year.

In the only other contest of the evening, the third-place eastern division Providence Reds tied the tail-end western division St. Louis Flyers, 2-2, in Providence.

TROJANS AMONG 5 DEFENDING PIAA HONORS

By TOM SHIVER

Harrisburg, March 14 (AP)—Five of last year's district titleholders will defend their laurels this week-end when the state's leading scholastic fives battle for eleven district championships.

Somerset, holder of the district five crown, will be the first of the five champions called upon to repeat, when the fast-moving Bedford five invades Somerset tonight. The invaders will be led by Bruce Fisher, Jr., one of the highest scoring forwards in the state, who seeks to pass the 400-point mark before the season ends.

Williamsport, with one of the best records in years, meets Coal township, Keystone league champion, at Bucknell university tonight. District four honors are at stake.

Feature attraction on tomorrow night's lengthy list will be the clash of unbeaten Homestead and powerful Sharon at Beaver Falls high school.

Homestead Unbeaten

Under the coaching of Chick Davies, former Duquesne college mentor, the Homestead five has won 24 consecutive games, nosing out Donora, last year's western kings, 39-38, to enter the district seven finals.

Sharon, on the other hand, has had two winning streaks snapped, but managed to win 24 games in 26 starts under Coach Pete Collioli.

Other games on tomorrow night's schedule are:

District one—Radnor, defending champion, meets West Chester, section three winner in the suburban loop, at Villanova college.

District two—Wilkes-Barre GAR, successor to Plymouth as representative of the upper anthracite region, meets Scranton Tech, the Lackawanna Valley league champion, at the Kingston armory.

District six—Altoona, unbeaten in 17 starts, will face neighboring Conemaugh high at Jaffa mosque for the district crown.

District nine—Kane, seeking its first district nine championship, meets Brookville, beaten only once this year, on the neutral DuBois floor.

Canaries Top Team

District ten—Warren's Dragons, early season favorites to advance to the state finals, meet their biggest test against Sharpville, defending champions in district ten, at Allegheny college, Meadville.

District eleven—Allentown state and district titleholders, unbeaten in 40 starts over a period of two years, clashes with Summit Hill, Black Diamond league champions, at Rockne Memorial hall.

Allegheny, winner of the Pittsburgh city championship, will represent district eight in the final playoffs for the state championship, meeting the district nine titleholders in the first of the inter-district games.

The final game on the week-end program finds Chambersburg, fifth of the defending titleholders, seeking its third straight district three crown against Lancaster at Hershey industrial school on Saturday night.

Sports Roundup

By HUGH FULLERTON, Jr.

New York, March 14 (AP)—The way young Sidney Schwartz walked Gardner Mulloy and Birmingham's John Ager trimmed Elwood Cooke in the indoor tennis championships gives a hint of hard-times to come for some of the older racquet swingers.

Indoor tennis is hardly a true test and Schwartz is more experienced than Mulloy at the game, but it shows the kids are beginning to grow up. . . . Word from the west coast is that Bobby and Tom Falkenberg are playing tennis like real big boys now and that Budge Patty, twice junior champion, is back from Italy looking like a young giant. . . . England, too, has some grown-ups for this year's Davis cup competition.

SPORTS BEFORE YOUR EYES

Billy Conn, now down to 192 pounds, says he'll take off another ten before his June tussle with Joe Louis. . . . New York city basketball writers have voted Depaul's George Mikan "the outstanding visiting player" to appear here this season, which makes it all the more surprising that George wasn't invited to return. . . . When the Alabama football squad winds up its spring drills with an inter-squad game on Birmingham's Legion field, March 31 (with all the trappings of a big fall contest) the proceeds will go to Charlie Boswell, "Bama" back of a few years ago who was blinded by a German shell while serving in the army in France.

Anthropologists declare that the colder the climate, the narrower the nose.

In seven generations of the Bach family there were 49 musicians.

East Berlin

East Berlin—Earl E. Cleaver, son of Mr. and Mrs. Harry Cleaver, R. 2, a discharged army veteran, has purchased the farm near here where his grandfather, William E. Brown, has farmed for nearly half a century. Mr. Brown plans to retire from farming.

Mrs. John Z. Barton, R. 3, accompanied by her son and daughter-in-law, Mr. and Mrs. Frank L. Barton, York, has returned from Ithaca, N. Y., where she accompanied another son, George Barton, and his bride, who will reside at Ithaca while he pursues a course in electrical engineering at Cornell University. The Frank Bartons, who had lived with his parents, now reside in York where Mr. Barton also a veteran, studies at the York Collegiate Institute. John Z. Barton has been in poor health this winter.

A visitor at the home of his sister, Mrs. Bessie Joseph, during the week was Willis A. Myers, 85, Harrisburg, formerly of R. 1, Miss Helen E. Shearer, also of Harrisburg, also visited Mrs. Joseph.

Carl E. Winand, son of Mr. and Mrs. J. Parren Winand, R. 2, who was in the army for the past three years and was recently stationed at Korea, returned home last week with his honorable discharge. He was a recent guest of honor at his parents' home when a dinner party was given for him, his brother-in-law, Coit E. Eisenhart, and his cousin, Mark W. Binder, Hanover, both recent navy veterans.

George L. Shetter is planning to have three apartments made from the large brick dwelling on West King street which he recently purchased from Mervin D. Jacobs, Sr.

Mrs. Hester Streightiff has been quite ill at the home of her father, Elisha M. Wilson, where guests during the week were another daughter, Mrs. Harper Wentz, and Prof. Wentz, Shippensburg, who also visited the professor's sister, Miss Beulah E. Wentz.

Mrs. John E. Gentzler, Sr., spent a day this week in York.

Mr. and Mrs. Emory Sell, Jr., and two children, who have been farming at Conewago Independent, have moved to town and are sharing the People's State bank apartment with Mr. and Mrs. Robert W. Myers.

A very large attendance was present Saturday afternoon when Mr. and Mrs. Samuel H. Baker offered household goods, etc., at public sale at their homeplace near town. Mr. and Mrs. Baker, who are advanced in age, will reside with their daughter, Mrs. Gertrude Baker Wisler, nearby.

Fred E. Shetter, a recent discharged army veteran, has returned to the home of his parents, Mr. and Mrs. George L. Shetter, after a stay in Pittsburgh with his brother, Merl, of the state motor police. Merl is also an army veteran.

Jack, son of Mr. and Mrs. Floyd Hoffman, is able to be about after a serious illness.

Mrs. C. Shue is among recent graduates from the York School of Beauty Culture. She is the former

Chicago formally dropped out of the Big Ten last week, leaving a vacancy Pitt officials do not deny they are seeking.

Today, some of Pitt's alumni who walked out with Sutherland admitted they were disappointed with the selection.

"Naturally we are somewhat disappointed that a Pitt man was not chosen," declared Dr. William D. McClelland, president of the Pitt Letterman's club. "We felt there were several who possessed the qualifications to coach at our alma mater."

"However, the Pitt Lettermen feel that since Fesler was given the appointment, we must give him our full support."

REMOVABLE BRIDGE

So skillfully the thing is made,
So beautiful to see,
One should not be of it afraid
As is the case with me.

"Is sad to think the dentist lies
Who tells you with a grin:
"You'll find it perfect, shape and size,
When once it's settled in."

Both nurse and dentist with delight
And eyes aglow with pride,
Insist I'll find the proper bite
If with it I'll abide.

"Be not too quick to take it out,"
The two of them declare.
"In time, beyond the slightest doubt,
You'll never know it's there."

Now, hissing on my way I go,
And whistling as the trees
When winds of summer gently blow—
A fellow ill-at-ease.

That span of metal, gum to gum,
So lovely to the eyes,
I tell the dentist has become
A mighty bridge of sighs.

Today's Talk

By GEORGE MATTHEW ADAMS

UPSIDE-DOWN MINDS
Cheerfulness is inborn, but thousands of people whack it no sooner than it shows its face! I watched the sky on a dark day recently. Every little while a ray of sun would do its best to pierce through, but just then a big black cloud would appear and shut it off. It made me think of how so many have cheerfulness right behind them, but they carry too many dark clouds around with them to let it through.

Happy thoughts are forever trying to climb up high in the mind, but there are so many minds that are actually upside down, and so there is nothing but worry and turmoil to spoil an otherwise sunny soul.

A severe and philosophical mind never gets tumbled. Worries slide from it. Problems are met and then dismissed. Sorrow is faced, even disappointment, and many a disastrous defeat, for with a mind that is organized and kept in order nothing is to be feared.

These upside-down minds are evil affairs. They short-circuit the light for those who have such a mind, and play havoc with other minds in close range. Whatever we are, in mood or mind, we radiate and influence. Every thought that we have has its influence upon our entire body, and these thoughts, when expressed, influence others, as well, for good or ill.

There are those who depress us, after but a few brief moments of meeting. Their upside-down minds spill right over—with griefs, troubles, complaints, and fault-finding. We feel like running afar—and it would be a good plan, at that! How unprofitable to carry around such a mind! Especially when it is so easy, healthy and wise to carry around a mind that is upside, all shade lifted, and with the sunlight of cheer and hope streaming from every nook and corner.

We advertise ourselves. If we are full of new beginnings, people will sense the fact. They sense, as well, our fears, our faith, and our aspirations. They can tell whether we are lifters or leapers, blades of grass or oaks. No one can get anywhere with an upside-down mind.

Tomorrow Mr. Adams will talk on the subject: "Under The Open Sky."

EATING EQUIPMENT, TOO

Salt Lake City, (P)—Deputy Sheriff German Dean spent three hours tracking down the stolen lunch box of Andrew Bennion of Murray, Utah, after an urgent plea from Bennion that it contained his false teeth. The box—and teeth—were finally found in possession of a 15-year-old boy. Dean said Bennion has his teeth back. The lunch was unrecoverable.

Miss Lillian Miller Is Wedded Saturday: Walter E. Trostle, of Harrisburg, and Miss Lillian Miller, Gettysburg, were married Saturday evening at 6:30 o'clock at the home of the bridegroom's parents, Mr. and Mrs. Jesse Trostle, the Rev. George W. Hull officiating. The couple was attended by Mr. and Mrs. Carl Ericson, Gettysburg.

Doctor Hanson Is Dinner Guest: Honoring Dr. Henry W. A. Hanson on the anniversary of his forty-fourth birthday, members of the local chapter of the American Association of University Professors entertained at a dinner at the Eagle Hotel, Friday evening.

Doctor Charles F. Sanders, president of the Gettysburg chapter, was toastmaster and presented Dr. Hanson with a gold-headed cane, on which was engraved "President H. W. A. Hanson from A.A.U.P., Gettysburg College, March 12, 1926."

Gettysburg Band to Start Campaign to Raise \$500: Hampered by lack of funds but eager to form a creditable musical organization, members of the Citizens' Band of Gettysburg will shortly begin the solicitation of funds for additional instruments, uniforms and other equipment needed to bring the band on a par with similar organizations in the neighboring towns. A drive for \$500 will be conducted.

The band, numbering 20 regular members, practices each Tuesday evening in the old Catholic school building, rear of West High street.

County Couple Gets License to Marry: A marriage license was issued Tuesday afternoon to W. C. Stevens, son of Mr. and Mrs. Thomas Stevens, Tyrone township, and Miss Goldie Griffe, Huntingdon township, at the office of Luther C. Plank, clerk of the courts.

Crowd at Dinner: Robert J. Eustace, industrial commissioner of Davenport, Iowa, was the guest of honor and principal speaker at the Chamber of Commerce dinner, held Thursday evening at the Hotel Gettysburg. A large crowd was in attendance at the affair, Edmund W. Thomas, president of the local commerce body, presided.

George W. Hunter Resigns Position: George W. Hunter, North Washington street, has resigned his position as foreign advertising manager at The Gettysburg Times and leaves Sunday for Newburgh, New York, where he has accepted a position with the DuPont Company, in their fabrikord plant.

Personal: Little Miss Betty Jane Strasbaugh entertained a company of friends at the home of her parents, Mr. and Mrs. E. F. Strasbaugh, Broadway, Thursday afternoon, to celebrate her birthday anniversary. J. Price Oyster, Postmaster R. C. Miller and C. William Beales attended the reception to United States Senator George Wharton Pepper in Harrisburg on Saturday afternoon.

Miss Virginia Steinberger, Gettysburg, R. D., spent the weekend with relatives at Pine Mountain Inn and Chambersburg.

Mr. and Mrs. Wallace V. Peters, Biglerville, moved today to 319 North Stratton street.

HEATED PARLEY ON SINO-SOVIET 'COOPERATION'

By SPENCER MOOSA

Chungking, March 14 (P)—A report on Sino-Soviet discussions of economic cooperation in Manchuria roused heated shouts of "sit down" at the Kuomintang (National) party congress today as withdrawing Russian troops moved toward Siberia.

Chang Kai-Ing, special commissioner for economic affairs to Manchuria, said Chiang Kai-shek told him last December not to recognize Russian claims to Japanese industrial equipment there as war booty. He said he was instructed further to refuse to discuss Sino-Soviet economic cooperation before withdrawal of Soviet forces.

Chang emphasized that no agreement on economic cooperation had been reached but several times angry shouts interrupted his report.

Evacuation Indicated
Russian troops which last week withdrew abruptly from Mukden to Changchun rolled on northward today—ostensibly headed for Manchuria—in seven troop trains. Chinese government dispatches said the remainder of the Red army's former Mukden garrison would follow soon.

This was the first indication that the Mukden withdrawal might mean evacuation of Manchuria.

Central News Agency reported that Mukden and its suburbs now are firmly in Chinese government control and that peace and order are well maintained. It said that by noon yesterday strong federal forces controlled Mukden and its suburbs to a radius of six miles.

Soviet Damage
Chang told the Kuomintang Congress that when he went to Manchuria in November, the Soviet representative told him Russian losses in the war were at least as great as losses of all other United Nations combined and contended that therefore Russia was entitled to booty in Manchuria.

On January 5, Chang continued, Gen. Rodion Y. Malinovsky in an informal talk whittled down Soviet demands to a claim for joint Sino-Soviet control of some mines, power plants, and machine tool factories in Manchuria.

He said the Chinese asked the Russians to safeguard Mukden and other cities until Chinese forces could arrive but that considerable damage was inflicted on Manchurian industry. He did not say by whom.

He reported that destruction included 15 per cent of coal mines, 50 per cent of steel works, 70 per cent of machine plants, 50 per cent of textile mills and 25 per cent of food.

NON-SENSE OF VALUE

Beatrice, Nebr., (P)—A short time after O. L. Clarke left a movie house he discovered he had lost his billfold which contained \$148. He made a bee line for the theater and found his \$148. But he was unable to locate the billfold.

State May Build New Mental Institution

Harrisburg, March 14 (P)—If the Veterans Administration buys the Deshon hospital at Butler, Governor Martin says the commonwealth will either build a new mental hospital in the western part of the state or expand existing institutions.

He told his news conference yesterday the state has advised the VA of its willingness to sell, but that if the VA does not want the institution to take care of former servicemen, the state desires to use it as a mental institution.

The hospital, originally built to care for tuberculosis patients, was leased to the army early in the war for use as a general hospital.

PAPPAS GUILTY IN WIFE'S DEATH

Reading, Pa., March 14 (P)—John Pappas, 42-year-old steelworker, was convicted of voluntary manslaughter in the fatal shooting of his wife, Helena, 40, last October 19.

A Berks county court jury of eight women and four men, deliberating three and a half hours last night, acquitted the defendant of a charge of murder.

Defense counsel H. Bernard Hoffman said he would file a motion for a new trial. Pappas, under the verdict, is liable to a jail sentence of six to 12 years.

Assistant District Attorney C. Wilson Austin had demanded a first degree murder verdict in his closing arguments to the jury. He charged the defendant had changed his story from a statement he shot his wife in a mercy killing because she suffered from cancer to one in which he testified the woman committed suicide.

Hoffman had urged complete acquittal because he said Pappas "was a man who robbed himself of every desire in life in order to make his wife's suffering lighter."

SMILE WHEN YOU SAY THAT
Kansas City, (P)—Henry W. Johnson, police superintendent of traffic and safety, installed a "grape box" where 187 speeders in a night police court session could submit written suggestions to aid law enforcement. Only one suggestion from the offenders was turned in. A feminine complaint, it read: "Get some better looking patrolmen. If one of them would smile it would crack his face."

Organized yacht racing in the United States began about 1840.

Income Tax Facts

The following is one of a series of 15 brief articles explaining, in question and answer form, how to fill out your federal income tax return.

Q. Besides filing my 1945 tax return, do I also have to file an estimate of my 1946 tax?

A. Most wage earners do not have to file an estimate, called a "Declaration of Estimated Tax." However, a wage earner must file a declaration if his wages subject to withholding are expected this year to exceed \$5,000 plus \$500 for every exemption except his own, or if he expects more than \$100 of other kinds of income. Other taxpayers (store owners, doctors, lawyers, landlords, farmers etc.) must file a declaration if they expect their income to exceed \$500 this year.

Q. What form should I use to file a 1946 estimate?

A. Form 1040-ES, available at any collector's office.

Q. When must the estimate be filed?

A. By March 15, except in the case of farmers who have until January 15, 1947.

Q. What is the purpose of the declaration?

A. To arrange current payment of taxes you owe and above any tax withheld from wages.

Q. When will I have to make payments?

A. One-quarter when you file your declaration, one-quarter on June 15, one-quarter September 15, and the balance by January 15, 1947.

Q. Suppose I find my estimate is

Veterans May Enroll For Service In U.S.

Former servicemen with certain specialist ratings who desire to re-enlist in the army for a period of three years or less and who wish to remain in the United States will be given a chance to do so, Col. William T. Fletcher, commander of the Harrisburg recruiting district, disclosed today. Former Army Service Forces personnel whose last period of service was in the Quartermaster Corps, Transportation Corps, Military Police, Engineers, Signal Corps, Medi-

cal Corps, adjutant general department, finance or chemical warfare service are needed. Twenty-four specialist ratings are listed as covering positions which must be filled.

Men in the designated categories who re-enlist for eighteen months, two years or three years will be assured of being stationed within the Third Service Command—Pennsylvania, Maryland, Virginia or District of Columbia—as their initial assignment. No promises will be made, however, regarding future assignments, except that they will not be sent to overseas theaters. Details may be obtained from the Hanover recruiting office in the postoffice building.

MAKE PLANS ON CLEANUP WORK

Harrisburg, March 14 (AP)—The state Health Department reported today 163 Pennsylvania municipalities have engaged engineers to prepare plans for sewage treatment plants, in the commonwealth's stream cleanup campaign.

"A considerable number of others are, or will be connected into these municipalities which are preparing plans," the department stated in a review of the stream improvement program of the state Sanitary Water Board. "Completed plans have already been received from three municipalities in advance of the required date."

Since the start of the program, more than 350 municipalities have been notified to submit plans for plants at various dates, while notices have gone out to 270 industries to abate stream pollution or provide for waste treatment.

"The response by industry," said the department, "has been even better than that by municipalities. Seventy-eight have already employed engineers, have bona fide studies under way or have connected to a public sewer system."

On the silt elimination program, the department said 142 anthracite collieries producing more than 99 per cent of the hard coal tonnage have submitted plans to remove silt from waste water as required by a 1945 law.

Emmitsburg

Emmitsburg.—The regular meeting of the Emmitsburg Lions club was held in the Lutheran parish house Monday when they were served a dinner prepared by ladies of the parish. The president, Charles Harner, presided. He appointed the following committee to conduct an auction sale to be held each month: Charles Troxell, John Hollinger, Quinn Topper, E. R. Shriver, Mr. Poffenberger, Joseph Ash, John Roddy, Francis Matthews, George Wilhide, and Edgar Annan. A favorable report on a new post office in Emmitsburg was given by chairman Charles Troxell.

The corporation of entire Lions club was asked as a non-profit organization. Mr. Wilhide stressed the

Red Cross drive and asked a 100 per cent response. Mr. Hoover, a magician of Hagerstown, gave a performance.

Twenty members and five visitors were present. The guests were Prof. John Dillon, John Payne, a former member and a recently discharged veteran, Mr. Tate, Mr. Hoover, and Prof. Sterbinsky, who played several selections on the piano. Starting with this meeting the club will meet the second and fourth Mondays of each month in the Lutheran parish house.

School Operetta

The Emmitsburg high school Glee club will present an operetta "Polished Pebbles," in two acts, March 22, in the high school auditorium at 8 o'clock. The operetta is under the direction of Mrs. Henry Reindollar, Jr. The pianists are Jean Dubel and Blanche Stull. The cast is as follows: "Uncle Bob," Carroll Frock; "Mrs. O'Brien," Mary Ellen Lively; "Rosalie," Esther Martin; "Winnie," Betty Baumgardner; "Mollie," Caroline Mullen; "Mr. Gable," Charles Wivell; "Martha," Mary Ellen Glass; "Nick," Robert Rosenwald. Those who will take part in an old fashioned square dance are: Inus Glass, Blanche Stull, Ann Leary, Anna Clem, Edward Houck, Robert Gillespie, David Arnold and Harry McNair.

Ball Club Meeting

Dr. W. R. Cadle has announced a public meeting to be held Friday evening at 8 o'clock in the firemen's hall to organize a baseball club. It is planned to effect a permanent organization at the meeting, and all interested residents of Emmitsburg and community are invited to attend. Consideration will be given to accepting franchises in both the Adams County League and the Pennsylvania-Maryland League. Emmitsburg competed in the latter league last year. Play in the Adams County League is on Saturday dates.

He and games played on Sundays in the Pennsylvania-Maryland loop.

Grange Meeting

The regular meeting of the Emmitsburg Grange No. 407 was held in the high school Wednesday evening. Worthy Master Lentz presided. The minutes were read by the secretary Lester Harner. The following visited from nearby Granges were present and each brought greetings from their respective grange. Brother and sister Edgar Weaver, Master of Gideon Grange, Hanover; Brother and sister Quinn, New Market; Brother Quinn is state organizer and deputy and sister Quinn is the juvenile superintendent; Brother and sister Bells from Mt. Pleasant Grange, who extended an invitation to Emmitsburg to visit them March 22, when Dr. Sheets will speak. The lecture hour was taken over by an open discussion on soil conservation. The next meeting will be held March 29 at 8:00 p. m. in the high school.

The Misses Irene Shorb and Kathleen Topper have returned to their homes here—after spending fifteen days in Jacksonville, Florida.

How would you CHART YOUR COURSE?

Pictured here are the records of four "life lines" of our business—four things which largely control the destiny of any business, whether it be a farm, a factory or a store. They are Wages, Materials Costs, Prices, and Profits. Suppose these were pictures of what is going on in your own affairs. How would you chart your future course from these facts?

What about wages?

Wages have risen steadily for five years. Before the strike which began on January 21 in ten of our plants and which has choked off nearly all farm machinery production, earnings of employees of these plants averaged \$1.15½ an hour, not including any overtime. The Union demanded a 34 cents per hour increase and a Government board has now recommended a general increase of 18 cents an hour, which would make average earnings \$1.33¼ an hour. Weekly average would be \$53.40.

What about materials?

No one seems to know how high materials costs will go. The Government has increased steel prices as much as \$12.00 a ton, with an average increase for all grades of 8.2%. Steel is the most important material we buy, but prices on other materials are also increasing.

What about prices?

There has been no general increase in our prices since they were frozen by the Government in early 1942. Since then a few small increases have been allowed where particular machines were substantially changed in design.

What about profits?

Risk is part of the American profit and loss system, so we do not, of course, ask either our customers or the Government to guarantee that we can be certain of profits each year. The chart tells the story of our profits during the war. Although Harvester produced more goods than ever before, it had no desire to get rich out of war, so our rate of profit has steadily gone down. What our 1946 profit will be is extremely uncertain.

What is the next step?

As you can see, our present situation is that with frozen prices and declining profits, we are asked to pay higher materials costs and to make the biggest wage increase in the history of the Company. Can we do this?

Wages and materials consume all but a few cents of every dollar we take in. If our prices continue frozen, and cost of wages and

materials continues to rise, obviously we cannot and will not do that.

The exact point at which operating at a loss would start is a matter of judgment. Government agencies and union leaders may have opinions as to where that point is. But if they turn out to be wrong, they can shrug their shoulders and say: "Well, it wasn't my responsibility. I didn't make the decision."

The management of this Company cannot and will not do that. It does not gamble. It has to be sure. Continuation of our service to millions of customers, the future jobs of thousands of employees, and the safety of the investments of 39,000 stockholders depend on our making as correct a decision as is humanly possible.

What about future prices on farm machinery?

The judgment of Harvester's management now is that we cannot safely make the huge wage increase recommended by the Government until the Government authorizes adequate increases in the prices of farm machinery to cover the resulting increased costs.

That is not a judgment that makes us happy. The Company does not want to raise prices. We prefer to lower prices, when possible, and we know our customers prefer to have us do that. We have produced at 1942 prices, and hoped we could continue to do so. We have delayed seeking general price relief in the hope that it could be avoided. Now we are convinced that it cannot be avoided any longer. The price question must be settled. Until it is settled we do not see how we can settle the wage question. Until the wage question is settled we do not see how we can resume production and begin turning out the farm machines which we know our farmer customers need.

Because of the important stake which both farmers and city dwellers have in this controversy, we are bringing these matters to your attention. Through the cross currents of today's conditions, we are trying to chart a course that is fair to our employees, to our farmer customers, and to our stockholders.

COURT BAN ON PICKETING IN WESTINGHOUSE

Pittsburgh, March 14 (AP)—A spokesman for Westinghouse Electric Corp. said today that some 750 to 1,000 supervisors and department heads, including 400 foremen, will be notified to report for work in the company's strikebound Pittsburgh plants, probably tomorrow.

The announcement was made after Common Pleas court Judge Walter P. Smart, in compliance with a state supreme court order reversing his previous decision, issued a preliminary injunction against mass picketing at Westinghouse plants here.

Judge Smart used the high court's exact language in his order banning "unlawful methods" or any kind of "The Westinghouse" spokesman said the order likely would be served on officials of the CIO-United Electric Workers' union today but that the company probably would not call its supervisory employees back on the job before tomorrow morning.

Wages Already High
Meanwhile, some hopes of an early ending of the Westinghouse strike, in line with yesterday's settlement of the general Electric strike, involving the same union, were dashed by a statement by G. A. Price, president of the company, who was attending a negotiations meeting in New York.

Price asserted that the 18 1/2 cents hourly wage increase failed to bring average earnings of G. E. men employees up to those paid by Westinghouse. He declared the new G. E. rate of \$1.27 1/2 cents an hour still was 4 1/2 cents under the Westinghouse average.

"Any final agreement made by Westinghouse with the union must take into account the fact that Westinghouse has been paying wages 11 per cent higher than the average for the electrical industry," said Price.

NEW STRIKE TIES UP PORT

Philadelphia, March 14 (AP)—A strike of 160 unlicensed crew members employed on 42 tugboats forced nearly 76 vessels to remain at anchor today in the port of Philadelphia.

The workers, members of Local 12,039, United Harbor Workers Union, affiliated with District 30, United Mine Workers Union (AFL), walked out late yesterday.

Angelo J. Cefalo, District 30 regional director, said the walkout—second in three months—was over a "matter of wages and a couple of other things."

Robert G. Kelly, attorney for the eight tug companies involved, said the walkout was caused by a union jurisdictional dispute.

The strike tied up approximately 160 skippers, pilots, mates and engineers—all licensed personnel on the tugs—who are members of the Master, Mates and Pilots (AFL) and the Unaffiliated Marine Beneficial association.

Talon May Buy Another Plant

Meadville, Pa., March 14 (AP)—Negotiations were in progress today for purchase of the large plant of the High Standard Manufacturing Co. in Hamden, Conn., by the Talon, Inc., slide fastener manufacturer.

Talon officials said last night they were negotiating for the property with the War Assets Corp. They did not disclose the price discussed, but it was unofficially reported to be in the neighborhood of \$870,000.

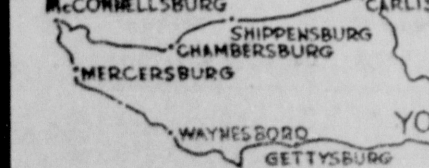

Officials said they wanted the plant to manufacture slide fasteners, but that its acquisition would not lessen production nor reduce personnel in the four plants it now operates—three in Meadville and one in Erie, Pa.

HORST WARNS OF SOIL EROSION

Allentown, Pa., March 14 (AP)—State Agriculture Secretary Miles Horst said today Pennsylvania's mineral wealth is disappearing rapidly but there is still time to save water and soil resources through uniform conservation practices if applied without delay.

"It is immediately imperative that city folks," said Horst, "wake up to the fact that our soil is still washing into the sea. x x x Not only is soil erosion thinning our very life-line, it is depleting and gradually destroying our city drinking water supplies."

He told the Allentown Kiwanis club in a prepared address that recent state legislation provides vehicles for conservation of natural wealth, but "the public needs to climb aboard and keep them moving."

Flood control, the costly filling of municipal water reservoirs with silt, maintenance of navigability of rivers and harbors, protection of public health, wild life and the tax base were presented by Horst as points covering need for concerted action.

Constant erosion from much of the state's six million acres of cropland is "a serious threat to continued loss of wealth," he emphasized. The 1945 soil conservation law is a "voluntary home-rule, measure, non-compulsory and county-wide in its operation" with which "any county with vision may develop all phases of conservation," Horst said.

Prohibition Party To Pick Nominees

Harrisburg, March 14 (AP)—The Prohibition party Tuesday slated James A. W. Killip, of Philadelphia, as its candidate for governor in the May 21 primary and became the first minor party group in more than a decade to earn the right to select its nominees at the primary election.

The remainder of the party ticket includes: Robert G. Burnham, Corsica poultryman, for lieutenant governor, and Charles Palmer, Glenolden attorney, for secretary of internal affairs.

The state elections bureau declared as insufficient the petitions for U.S. senator filed by Dale H. Larn, Stroudsburg real estate dealer, but Killip, the party's state chairman, said a sticker campaign will be conducted for him in the primary election.

"Prohibition sentiment is booming," Killip said in a statement. "Hundreds of drys, encouraged by the Prohibition party's success in attaining a place on the primary ballot, are leaving the old parties and registering prohibition."

Court Rules On Use Of Actuarial Tables

Philadelphia, March 14 (AP)—An insurance company's actuarial table cannot predict when a person will die, the Pennsylvania Superior Court ruled.

The court dismissed Monday an appeal by the Prudential Insurance Company of America of a \$1,292 judgment awarded Joseph H. Dickerson of Philadelphia in the death of his 18-year-old son, Richard. The boy was deaf, blind and paralyzed but was able to get around in a wheelchair. He died in 1940 after a fall.

The insurance company said it refused to pay \$1,000 additional under a double indemnity clause in insurance policies on grounds the boy would have died within a few days from the illness which hospitalized him for a year.

The court said the boy "did not realize the stairs were perilous-close to his path. He anticipated no danger. x x x His illness did not deprive him of the protection of these policies. Neither actuarial tables nor professional opinion can tell when a person will die."

Preventing Chick Diseases

Poultry feed costs will likely remain high throughout the present year in their relation to egg and meat prices. This fact, when applied to poultry raising, means that losses from diseases must be kept exceptionally low. There are many simple but important practices every owner may employ to gain this desirable end.

First, of course is the necessity of preventing coccidiosis from taking its customary heavy toll from chicks. This disease cannot be cured; it must be prevented. Therefore, before chicks are brought from the incubator or bought from the hatchery, sanitation must be strict. Organisms causing coccidiosis are taken into the chick's body via the mouth, in feed and drink. There are at least six species of germs responsible for the disease, with symptoms varying slightly among them.

By far the most common and dangerous source of infection are older fowl and soil on which they have ranged for the past year or more. Most older birds give off the germs in their droppings, even though such fowl show no indications of the disease. To permit chicks to run with older birds or to feed or range on contaminated soils is a direct invitation to serious outbreaks of coccidiosis. There is little likelihood that this trouble is trans-

mitted through or by way of the hatching egg.

Healthy, vigorous chicks are more resistant to coccidiosis than under-nourished chicks. Next to sanitation in a careful campaign of preventing chick diseases generally is the importance of proper feeds and feeding. Well balanced mash, green feed fresh daily, cod-liver oil in the mash, and milk in some form are wise and profitable investments in chick health. Many experienced poultrymen believe buttermilk or skimmilk, dry in the mash or fed in liquid form, stimulates intestinal vigor and thereby enables chicks to resist coccidiosis infections.

Of course, the brooder house must be cleaned and disinfected before chicks are brought in to occupy it. Disinfection alone is not enough. And to date there are no substitutes for plenty of hot, soapy water and diligent scrubbing to remove dangers which may lurk in crevices and accumulated filth.

The seriousness of coccidiosis is measured by the number of germs the individual chick takes into its digestive tract. Therefore, mash should be fed only in sanitary self-feeders which prevent chicks from polluting the feed by droppings or by contact with their feet. The same rules of safety apply to drinking receptacles.

Raised wire floors are a sound in-

vestment to further this aim. If contaminated soils must be used for runways, meaning soils where poultry has ranged in the past two or three years, they should be seared by flame. Ordinary disinfectants and germicides are usually ineffective. Free use of air slaked lime is beneficial but not sufficiently preventive in action.

Particular care should be exercised to avoid bringing germs of coccidiosis and other flock ills in on feed bags, by rats and mice and other possible carriers. Attendants should wear clean emergency shoes when entering the brooder house. And feeding and drinking receptacles should be cleaned, scalded and disinfected frequently. Uncompromising sanitation plus wise feeding must be the signpost along the poultry route throughout 1946. In other words, the mortality rate must be kept low and the standard of flock health high.

Damping-Off of Small Plants

Every vegetable gardener and flower grower is acquainted with the symptoms of a common soil-borne disease which causes seedling plants to turn black at the ground level, fall over and die. This is known as Damping-Off. But a fact about this trouble not generally realized is that the condition may cause greatly reduced crop yields and curtail flower development even when it does not destroy or otherwise visibly affect seedlings.

It is the last cited truth which warrants strict control of damping-off. Apparently the organisms causing the disease are carried over from year to year in plant bed soils or perhaps in all garden soils. These attack the plant roots and stem bases and weaken them. In severe cases the plant is destroyed; in light infections the seedling is merely rendered less vigorous and later

Insurance Agents Plan To Strike

Pittsburgh, March 14 (AP)—Charles Heisel, regional director of the CIO-United Office and Professional Workers', announced that more than 100 agents of the Metropolitan Life Insurance agents in this area yesterday unanimously endorsed strike action to back up their wage demands. "After all other available methods are exhausted."

Heisel said the agents ask a \$10 a day pay increase, union ship, increased disability and retirement benefits, seniority on open debits, and a severance allowance of \$50 for each year's service.

M. I. Brennan, national committee member of the union, reported that the company in negotiations this week in New York refused to make any offer except on retirement and disability "on which they offered a light improvement."

fails to recover completely from the attack.

Prevention of damping-off falls into two general groups of practices—Maintaining temperatures and humidity unfavorable to the fungi causing the disease, and use of disinfecting and sterilizing chemicals.

It is frequently observed that damping-off takes a heavier toll of seedling plants when ventilation is faulty in the seed bed and when excessive moisture is allowed to accumulate in the soil and on the plants. These facts lead to the recommendation that watering be done early in the day so excess moisture may escape before night when ventilation is necessary restricted. Too, crowding of plants should be avoided in all cases. Herein is one of the major benefits of shifting extra early seedlings to in-

dividual pots or bands or to roomier flats as soon as true leaves develop. There are several mercuric dusts on the market intended to reduce damping-off dangers. Most of these are mixed in the bed soil or applied on the seed before planting. They are sold under proprietary or trade names and directions accompanying the package should be followed.

Of course, it is almost impossible to find soil for plant beds which does not already contain organisms of this disease. Therefore, gardeners should practice the safe and profitable precaution of sterilizing all such soils. This may be done by baking, use of scalding water or by applying of the dusts mentioned above.

Formaldehyde mixed with finely pulverized charcoal, easily prepared at home, at the rate of three parts formaldehyde (by weight) with 17 parts charcoal, is recommended for treating bed soils. This is mixed with bulk soils at the rate of eight ounces to each bushel or applied to soils already in the beds at the rate of one and a half ounces to each square foot of surface and then worked into the top three inches.

Of course, damping-off is not confined to plants in beds; it may attack seedlings grown in the row or hill, such as cucumbers and other vegetables not ordinarily transplanted. In these cases formaldehyde dust (mixed at the rate of one part formaldehyde to eight parts charcoal) is strewn in the row—eight ounces to 180 feet of row, before planting seed.

Gardeners with particular questions on this important subject are urged to write the editor. Inquiries will be answered by personal return mail.

Allentown Has 79th Birthday

Allentown, Pa., March 14 (AP)—The city of Allentown, heart of Pennsylvania's industrialized Lehigh Valley, was 79 years old Tuesday. Although the city's history date back to 1762 when "Northampton Town" was laid out, it was not until March 12, 1867, that Allentown was incorporated as a city by an act of the legislature.

In 1839 the town was incorporated into a borough and the name changed to Allentown. Since 1867, it has grown to a city with a population of nearly 100,000.

VICTORY PARADE FOR GE WORKERS

Philadelphia, March 14 (AP)—Workers of the General Electric company, involved two weeks ago in violent street battles with the police, today hailed settlement of the GE strike and began plans for a labor parade "to celebrate the victory."

Some 3,000 cheering GE strikers received official word of settlement of the walkout at a mass meeting last night. A meeting was slated for Saturday to ratify the agreement.

Meanwhile, a petition by the United Electrical, Radio and Machine Workers (CIO) for an injunction restraining the city from halting demonstration parades continued before U. S. District Judge George A. Welsh.

What effect the settlement will have on the union's petition remains to be determined, stated Union Attorney Saul C. Waldbaum.

At the hearing yesterday, Judge Welsh said he interpreted Philadelphia's charter as giving the mayor power over the sheriff in using police forces instead of the sheriff superceding the mayor as was done during clashes near the plant.

The police-picket battles followed granting by a county court of an injunction banning mass picketing at the plant.

STUDY BOND ISSUE

Pittsburgh, March 14 (AP)—Members of city council are studying today four ordinances providing \$250,000 of initial financing for the newly-created Allegheny county sanitary authority. The measures provide different ways of financing the project, mainly through a bond issue or through the issuance of short-term promissory notes.

Haircuts Go To \$1 In Pittsburgh Soon

Pittsburgh, March 14 (AP)—It will cost you more if you go to a Pittsburgh barber shop next week.

Local 10 of the CIO-Barbers and Beauty Culturists' Union announced a new scale of \$1 for haircuts, compared with the old rate of 75 cents. Children's haircuts will be the same on Saturdays and days before holidays; on other days, they will be 75 cents, as compared with a previous 60 cents.

Shaves will be 50 cents, a price already effective in many Pittsburgh shops.

Annual Meeting Of Yorktowne Grocery

At the annual meeting of the Yorktowne Wholesale Grocery company Monday evening in York, the stockholders nominated and elected a board of eleven officers to serve for the next 12 months. The eleven officers elected were Clarence Goodling, president; J. L. R. Schilling, secretary; C. C. Seitz, assistant secretary; T. C. Fair, Clair Y. Willet, C. P. Hivner, H. E. Barnhart, George H. Lau, J. F. Zuch and John W. Fulton, directors. J. W. Goldberg is treasurer and manager of the company.

Delegates and alternates were nominated and elected to attend the Pennsylvania Grocers convention to be held in May in Harrisburg. Delegates chosen were John W. Fulton and C. P. Hivner. Alternates elected were Roy J. Winter and Joseph Kieffer.

It was announced that the company will hold a banquet on Wednesday evening, March 27, at the Valencia ballroom, York. This is the first banquet the company has

held since 1941.

The Yorktowne Wholesale Grocery company has a membership of 178 retail grocers located in York and nearby counties who own and operate their own places of business

ROUTINE

Minature, Neb., March 14 (AP) — Farmer Alvin Smith says he wasn't a bit surprised when he discovered a four-ounce egg, measuring 8½ inches around lengthwise and 6½ inches in circumference.

He pointed to a leghorn pullet and said: "That little pullet has a habit of laying king size eggs that make older and larger hens green with envy."

Says FSA Funds Nearly Exhausted

Philadelphia, March 14 (AP)—Approximately 25,000 discharged servicemen can become farmers this year if the Government provides the necessary funds, says Dollard B. Lesseur, National Administrator of the Farm Security Administration.

Lesseur, who attended a conference of 11 state FSA directors in New York yesterday, told a news conference here Tuesday that the setting of veterans on farms will help alleviate food shortages.

He said, however, that FSA's funds will be exhausted in three weeks unless Congress authorizes the agency to borrow from the reconstruction finance corporation.

more and more experience and what you learn this year will become of more and more importance in succeeding years as you learn more about the project of your choice."

There is a possibility of several county youths winning the American Farmer award within the next two years, Lighter stated. The American Farmer award, highest that can be given by FFA, goes to former FFA students who after completing their school years continue on with projects and become part owners of farms.

L. C. Keefe, superintendent of schools in Gettysburg; G. W. Leffever, principal of Gettysburg high school; A. C. Keefer, president of the Adams county Farm Bureau Cooperative; Charles S. Black, president of the Gettysburg school board; M. P. Hartzell, secretary of the school board, and G. Marion Stambaugh, general manager of the county Farm Bureau, and a Mr. Query, community relations director and farm safety counselor for the Pennsylvania Chain Store Council, were other speakers.

that will soon need repairs while the second and third blocks of West High street are among the worst in town. The first block of West High street has already been repaired.

South Breckenridge and most of South Washington streets, are in fair shape or better with the only repairs needed on South Washington being to holes in the road near the hospital.

Borough workers were scheduled to repair the worst streets in town before beginning repair work on those less in need for the services of the department, it was learned today.

Cost Billion Dollars

The labor secretary termed the General Motors agreement the "most significant we've had, pointing toward an end of our industrial strife."

The General Motors strike, which cost an estimated billion dollars in lost wages, sales and commissions while plants in 13 states remained closed since November 21, was regarded as the sore spot in the country's reconversion program. Officials of both GM and the CIO United Auto Workers Union expressed satisfaction over the agreement, which was announced in Detroit yesterday afternoon.

The union originally demanded a 30 per cent wage increase for GM production workers but later agreed to a Presidential fact-finding board's recommendation of an hourly hike of 19½ cents. The company, however, stood pat on its top offer of 18½ cents, (16.5 per cent).

Contract Terms

The contract terms, in addition to the 18½ cents hourly boost, provide additional funds for adjustment of wage rate inequities between GM plants. The UAW's 200-man GM council will meet in Detroit tomorrow and was expected to ratify the agreement, after which it will be sent to the approximately 90 UAW locals for ratification. Little opposition was indicated.

Harry W. Anderson, GM vice president, termed the agreement "a very good contract," and UAW President R. J. Thomas, commented, "considering everything, I think we have a pretty good contract."

The proposed contract was to run for two years, and a GM spokesman said the wage adjustments would add \$64,750,000 to the company's annual payroll. The wage hike boosted the GM national average to \$1.30½ and the Detroit area figure to \$1.38½.

The agreement also provided increased vacation pay which the union said would amount to \$5,000,000 a year; equal pay for women; higher overtime rates, and a retroactive clause giving all workers an additional 13½ cents an hour from November 7 to November 21.

Goering Says

powers were unwilling to disarm and that a power in the east—Russia—was carrying out unheard of rearmament, it became necessary for us to rearm in the interests of the security of the Reich."

Backs Hitler Myth

Discussing abandonment of the Versailles Treaty, he argued that "all complaints about German minorities meant with indifference or only well meant advice."

Goering also said he "deeply regretted" the assassination in the Nazi party blood purge of "people who had nothing at all to do with the (Capt. Ernest) Roehm revolt."

Goering said the "number of victims of the purge often were exaggerated. As far as I remember 72 to 76 persons were executed."

Goering defended the Nazi program of blind obedience to the Fuehrer with the contention: "The Catholic church is still relying on the leadership principle. Russia, too, could not have survived without it and could not have met the great difficulties of this war."

He bristled when questioned about the "master race," declaring "you would never find that term in my writings or speeches. In my view if you are a master you don't have to emphasize it."

project the growers are planning tentatively to sell non-profit stock throughout the four counties.

Details of where the farm will be located, how the money will be raised, and whether the name adopted Wednesday will be used will be worked out in the near future by a number of committees selected by the growers Wednesday.

Knouse Heads Steering Group

When present plans are completed the laboratory technicians will be able to use the farm connected with the lab for experimental and research work. Fruit trees of various types will be planted and the men will be able to carry on nearly any type of experiment desired, it was stated today.

It was believed by these taking part in Wednesday's session that the rent for the new structure will defray the entire cost of the construction and purchase within "15 to 25 years."

M. E. Knouse, Arendtsville, was elected chairman of a steering committee for the new organization with Robert C. Lott, Aspers R. D., as secretary. Other members of the steering committee include Richard McDonald, Chambersburg; G. H. Gates, Shippensburg, and R. C. Shaw, Stewartstown. All with the exception of the chairman are residents of county horticulture associations.

Mr. Knouse is also chairman of the building committee which includes himself, Bentz Cauffman, York; R. J. Gillan, St. Thomas, who is a member of the board of trustees of State College, and Judson Davids, Carlisle.

Harvey Raffensperger, Arendtsville, is head of the location committee which also includes George Gooding, Logansville; Crist Miller, Marion, and L. O. Mowery, Newville.

Harry Anderson, New Park, heads the legal and finance committee also comprised of Robert Frecon, Chambersburg; Frederic Griest, Flora Dale, and Mr. Davids.

The group were guests of the Knouse corporation at dinner Wednesday.

Differences With Soviet Union Lead Diplomats To Fear World Peace In Danger

FAR-REACHING EFFECTS FROM MANY DISPUTES

By JOHN M. HIGHTOWER
(Associated Press Diplomatic Writer)
Washington, March 14 (AP)—Russia's go-it-alone policy has diplomatic authorities here concerned today lest the whole job of writing the peace for World War II be imperiled.

Such situations as the one which has arisen in Iran have reactions in many other fields of foreign relations. Hence they may affect not only the forthcoming meeting of the United Nations Security Council at New York but also the plans for writing a European peace at Paris beginning May 1.

From the American government's viewpoint, the critical question now is Russia's ultimate foreign policy objectives. About this two theories are most frequently voiced here.

Two Theories

The first, and one widely held by many diplomats familiar with Russian policy over a long period, is that Russia, because of her uncertainty about friendship in the rest of the world, is trying to surround herself with Moscow-dominated "friendly governments."

The second theory, one advanced by other diplomatic authorities, is that Russia may be intent upon political and territorial expansion far beyond the limits of her security interests. Authorities generally agree that should this prove to be the case, the task of coming to any kind of satisfactory arrangement with Moscow would be almost impossible unless and until Moscow modified its policy.

Diplomats upholding the theory that Russia seeks assurance of a "buffer state" group say that if their view is correct there should be no insurmountable obstacles to an eventual understanding since the common need for security offers a meeting ground for all powers. It is, in fact, the common denominator of their interest in the United Nations.

May Parley in Doubt

The argument is also advanced that the Russians are trying to take advantage of the present disordered state of international affairs to gain control of the buffer states before hard and fast peace arrangements are confirmed by treaties. In other words, they are trying to gain what they want between the end of the actual fighting and the real beginning of the peace.

There has been some talk of delaying the Paris conference until later in the year to allow more time for the big power deputy foreign ministers to draft tentative treaties.

But some American officials consider so urgent the need to get some sort of peaceful order agreed to internationally that they may insist on going ahead with the May 1 date. It is called for in the Anglo-American-Soviet understanding reached at Moscow last December. Treaties to be written are those for Italy, the Balkan state and Finland.

SAW AULD WITH BLOOD ON HANDS

Camden, N. J., March 14 (AP)—Howard Auld, 25-year-old discharged paratrooper, was "covered with blood" when he walked along near-by Black Horse Pike last August 15, a witness testified in Camden county court.

It was on that date, shortly after midnight, that the prosecution says Miss Margaret Rita McDade, 23-year-old Philadelphia waitress, was killed.

Auld is on trial on a charge of murder, accused of the young woman's slaying. Her body was found at the bottom of a Haddon Heights cistern four days after she was last seen.

Mrs. Helen Anderson of Bellmawr, a neighbor of Auld's—testified yesterday she saw the ex-GI walking along the road as she drove by in her automobile but didn't give him a lift because he "was too bloody."

She said she later saw Auld on the evening of August 15 at a V-J

Cites Constitution In Picketing Issue

Philadelphia, March 14 (AP)—The legality of an injunction banning mass picketing is upheld in the U. S. Constitution and the Constitution of the 48 states, says Chief Justice George W. Maxey of the Pennsylvania Supreme Court.

Maxey, in concurring with the court's reversal of a decision made by a lower court which refused to grant an anti-picketing injunction, asserted "there never was a time in the history of American jurisprudence when the right of a court of equity to issue an injunction to protect a citizen's property from imminent, irreparable injury was not recognized by the courts and sustained by public opinion."

The Supreme Court granted an injunction to the Westinghouse

celebration in the Bellmawr firehouse.

"I noticed that his hands were covered with scratches, and that his face was covered with scratches and gouges," Mrs. Anderson told the all-male jury. "His hands looked as if they had been clawed."

College Sets Up Fund For Veterans

State College, Pa., March 14 (AP)—Dr. R. D. Hetzel, president of the Pennsylvania State college, announced today establishment of a \$15,000 loan fund to aid married veterans enrolled at the college.

Veterans may borrow from the fund in any one semester in an amount not exceeding \$150, Dr. Hetzel explained. Loans may be used for emergencies or to supplement income to meet current expenditures.

The fund was made possible by Bayard Kunkle, vice president of General Motors, and a 1907 graduate of the college.

BANG DISEASE CONTROL IN PA. IS PAYING OFF

Harrisburg, March 14 (AP)—Miles Horst, state secretary of agriculture, said today activities in the past year in the eradication and control of bang disease in cattle herds on Pennsylvania farms "have had a tremendous influence on the economical production of livestock and improvement of public health conditions."

During 1945, more than 41,000 herds of approximately 547,000 cattle were tested in the state. Reports showed 17,619 positive cattle in 6,795 herds, Horst said. More than 7,000 feeder bulls were tested, with only 60 reactors to bang disease.

Bang disease causes abortion in cattle and, once started in a herd of cows, can spread rapidly to the entire herd, causing serious losses to the owner.

Many Areas Tested

Horst said the state and federal governments have spent millions of dollars in its fight to control and eventually wipe out the disease.

To date the cattle in the following counties have been tested for bang disease and are now listed as "modified accredited areas":

Armstrong, Blair, Butler, Cameron, Clarion, Clinton, Clearfield, Columbia, Elk, Forest, Huntingdon, Indiana, Jefferson, Juniata, Lawrence, Luzerne, McKean, Schuylkill, Sullivan, Venango and Wyoming.

In addition, Crawford, Susquehanna and Montour have been completely tested.

Home gardeners were cautioned by the state Department of Agriculture to get their seed catalogues and

place orders early because production of vegetable seed in 1945 was 23 per cent under that for 1944, and nine per cent below the five-year average, 1939-1943.

Pennsylvania farmers and poultrymen are going into the 1946 season showing some caution with respect to the numbers of poultry they will raise, the state Department of Agriculture reported today.

Total hatchings for 1945, amounting to 84,355,000, were 43 per cent larger than in 1944. Production for December, 1945, was 1,630,000 baby

chicks compared with 2,328,000 for the same month in the previous year.

DARK POWER

BY ELISABETH HOLDING

Chapter 13

Sometime later in the night she got up from the floor, and lay down on the bed, wrapped in a blanket. He was shaking with a violent chill, tormented by a racking headache.

After the chill came fever, and raging thirst. She lay there crying silently because she so craved water and could not rise to get it. Her head ached so. The light hurt her eyes.

"What's the matter, my dear?" asked Aunt Emma's voice beside her.

"I want—a glass of water!" she sobbed.

Her head was raised and a glass held to her lips.

"Another!" she said.

"Swallow these two pills with it." She did not care what she swallowed, so long as she got the water.

A cold, wet cloth was laid on her throbbing head, the unbearable light was shaded, the tumbled covers straightened. She went to sleep.

She awoke with a sigh, and stretched herself luxuriously in the cool, smooth bed. The window was open and the sweet air blew in.

"I was afraid that last night you were in for a bad time," said Aunt Emma. "You were delirious—quite a temperature."

Di did not answer, but she heard, and she understood; her brain felt extraordinarily lucid. She might have been delicious at some time in the night, but at present she was perfectly clear about everything. She remembered all the things that had actually happened with an odd sort of detachment, as if she were no longer personally concerned.

She looked up at Aunt Emma with a glance of calm interest.

"Was I?" she asked.

"And no wonder," said Aunt Emma. "You had—a disturbing experience."

"I feel all right," said Di.

"It would take a good deal of generosity," Aunt Emma went on, "to forgive your Uncle Peter. I can explain his behavior—if you'd care to listen."

"Yes, thank you, I should," said Di.

"We had a remarkably unpleasant evening," she proceeded. "When you went out, I sent Miles after you, but he couldn't find you. So he did what anyone might expect of him. He went down to the village, and procured a supply of whiskey. I didn't know he'd brought more of the stuff into the house. He put it in the cellar and every now and then he'd go down and get another drink. Before long, he became very troublesome. Purvis helped me to get him upstairs and into bed. I was seriously worried, for fear he would molest you. I went to your room to see if you had come in while I was busy with Miles; I knocked and when there was no answer, I opened the door and by the light of my torch I saw that you were lying fully dressed on the bed, apparently asleep. I spoke to you, but you didn't answer, and I thought it better to lock your door."

"I didn't know where you'd been or what you'd been doing. I went downstairs again. I found your Uncle Peter in the kitchen—almost as bad as Miles. He'd been visiting

the cellar. He was half-frightened and half-bonstful. He said he had caught you trying to escape! I'll be quite candid with you. He thinks that Uncle Rufus is going to leave his money to you, and that therefore you're too valuable to lose. I agree with him about your Uncle Rufus. And I am perfectly willing to tell you that, if you do come into his money, I hope you'll give me some of it."

Her candor was astonishing. "I asked you here for the purpose," she said. "Uncle Rufus had been fond of your mother, and I hoped he'd take a fancy to you. And that gratitude, or family feeling, or sentiment, would induce you to give me enough to carry on my work."

Di looked at her aunt in wonder, a little dazed; everything was made so clear, so matter-of-fact. "But—Wren?" she asked, almost involuntarily.

"Wren?" her aunt repeated. "What about him? Do you know anything about that little rat? He's disappeared!"

"I don't know," said Di, with unusual caution. "I thought I heard him call me."

"When?" asked Aunt Emma. "I'd like very much to know. And it might help the police."

"The—police?"

"He went off with your Uncle Rufus's watch and money—some six thousand dollars he was carrying in his pockets."

"Oh, I'm sorry!" cried Di. "There was a moment's silence. 'How is Uncle Rufus?' asked Di. 'Better. He's been asking for you. You can see him tomorrow. He can't wait.'"

last much longer. I hope that when you see him tomorrow, you'll be as amiable as pour very youthful conscience will permit. I'm not pretending to think wholly of your welfare. I am thinking of my work."

She was silent for a moment. "I have been working for nearly six years with those two children you have seen," she continued. "In minds of that type one would suppose that mere animal instinct would enormously preponderate. I hope soon to demonstrate that it is not so. My great difficulty has been their propensity to imitate; and to differentiate between what is mere imitation and what is suggested action. They are only too ready to imitate."

She rose, and tossed her cigarette out of the window. "I'm afraid I'm inclined to be tedious on this subject," she said, and for the first time Di saw on her face a smile almost appealing. "Well!" said Aunt Emma. "I'll be back later, with some dinner

EXPECT SUGAR TO STAY SCARCE

Washington, March 14 (AP)—Sugar will remain scarce the rest of this year and perhaps into 1947, says the Agriculture Department.

It stressed this despite some prospective ration increases announced by the OPA yesterday. These apply to such users as bakers and hotels and restaurants and not to housewives.

Here's the sugar ration situation: Home canning—Spare stamp nine in ration book four and in new sugar books became valid yesterday for five pounds. OPA expects to validate

for you. You mustn't think of getting up today. But by tomorrow you ought to be quite yourself. And after you've seen your Uncle Rufus, the best thing you can do is go back to New York. You've had a fairly unpleasant visit, I'm afraid. A sense of profound relief filled Di. The shadow of death had passed. Uncle Rufus was getting better and, greatest relief of all, Aunt Emma had herself suggested that she should leave.

(To be continued)

another home canning coupon in June or July for perhaps another five pounds.

Regular household allotment—Sugar stamp 39 in book four is good for five pounds through April 30. OPA says it has no plans at this time to hike the current ration—five pounds a person every four months.

Industrial—Such users as bakers, pharmaceutical producers and canners of fruits and vegetables will get a 10 per cent increase for the April-June quarter.

Institutional—Hotels and restaurants may get an increase in May, says OPA.

"Pittsburgh" In Mothballs Now

Bremerton, Wash., March 14 (AP)—The heavy cruiser Pittsburgh was "laid away in mothballs" at the Puget Sound naval shipyard Tuesday, first of 1,097 warcraft of all

types of the 19th Fleet to be inactivated in west coast ports. Rear Admiral W. L. Kirkpatrick, deputy commander of the 19th Fleet, in an address at the formal ceremony asserted that the 19th and its companion 16th Fleet of 1,125 war ships to be similarly stored on the east coast "constitute reserve of

naval power that other nations cannot equal and will hesitate to challenge."

In the Grecian theater, important actors were given added height by wearing built-up shoes.

TELLS COOKS TO ADD YEAST FOR ENRICHED FOODS

By HOWARD BLAKESLEE

(Associated Press Science Reporter)
Atlantic City, March 14 (AP)—One way for American housewives to make up for the 40 per cent cut in wheat and 20 in fats for the starving peoples overseas, is to add yeast to many of their home-cooked dishes.

Experiments showing that this addition of yeast is both palatable and one of the greatest improvements possible in nutrition were presented today to the Federation of American societies for experimental biology by Barnett Sure, head of the Department of Agricultural Chemistry of the University of Arkansas.

He showed by animal feeding that yeasts are one of the finest sources of protein, and furnish better proteins than those normally present in the wheat that Americans are asked to give up. The yeasts used for this purpose are both the ordinary sort and brewers yeast, the latter a by-product of breweries.

Rich in Vitamin B

He said that these yeasts can be used readily to enrich corn bread, rice, meat dishes, soups, especially thick soups and gravies, ketchup, chili, tomato juice, peanut butter, chocolate milk, malted milk, also in bread, muffins and clam chowder. And in cookies, cakes, doughnuts, stews and cheese dishes. The yeasts were said not to change flavors of the dishes.

These yeast dishes provide in addition the entire vitamin B complex in rich amounts.

Professor Sure proposed a further addition to American diets of more soy beans or soy bean flour. Manchuria and America are the two great soy bean producers of the world. In animal tests Professor Sure reported the soy beans better nutritionally than many of the popular wheat and grain foods.

He said that blending of yeast and soy bean flour with wheat flour should be specially valuable for improving the diets of low income groups, whose foods are largely from cereal grains. The soy bean-yeast combination, he declared should not be expensive.

Many Ineligible For Jobless Pay

Harrisburg, March 14 (AP)—The U. S. Employment Service in Pennsylvania refused benefits to more than 4,500 persons applying for unemployment compensation during February, State Director A. Allen Culcove said yesterday.

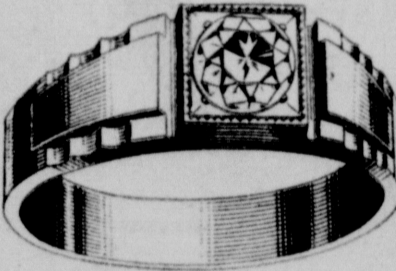

Benefits were denied in about half the cases, Sulcove said, because the applicants had voluntarily quit a job. Another 700 were refused on the basis of misconduct which terminated employment, 650 because they refused suitable work and 450 because they were not able and available for work.

REACH WAGE ACCORD

Titusville, Pa., March 14 (AP)—Strike of 1,200 CIO-United Steel workers at the Titusville Iron Works and Forge division of the Struthers Wells corporation ended Monday with signing of an agreement between company and union. A joint announcement said a "satisfactory agreement" had been reached.

February 22nd Is Significant Date For County Soldier

Cpl. Cloyd V. Sullivan, of Abbottstown, not only marks February 22 as the anniversary of the birth of George Washington but for two other very good reasons.

Sullivan landed in England, aboard the SS Argentina, on February 22, 1943. Three years later to the day his British bride sailed from England aboard the same SS Argentina to join her American husband in America.

The Abbottstown soldier met Avil Harris, eldest daughter of Mr. and Mrs. T. Harris, in England. They were married in the High Wycombe parish church, High Wycombe, England, on April 11, 1945.

Corporal Sullivan later returned to the States and received his discharge. Then, on Washington's birthday, this year, his bride boarded the SS Argentina and headed for her husband's homeland.

The Argentina docked in New York on March 2 and Mr. Sullivan was on hand to greet his wife. He took her to Abbottstown, where they are living with Mr. and Mrs. Leroy Rogers.

Between World War I and II, German boats were not able to dock in the harbor of London.

The human heart pumps five to six quarts of blood through nearly 4,000 circuits of the body daily.

SHROYER STAYS WITH CABINET

Harrisburg, March 14 (AP)—The cabinet status of John U. Shroyer, state secretary of highways who is backing the GOP state organization for the Republican gubernatorial nomination, remained unchanged today.

Shroyer attended the governor's weekly cabinet meeting yesterday. Later Governor Martin told a news conference he has not asked Shroyer to resign, and withheld comment on whether he contemplates such a move.

Martin, after a talk with the highway secretary last week, said they would get together again this week after Shroyer consulted with some of his friends.

Shroyer filed as a candidate after GOP state and local leaders endorsed Attorney General James H. Duff as the organization's gubernatorial candidate.

Duff, who also attended the cabinet meeting, told newsmen that "even if I do have opposition, I am not going to get mad at anybody." Concerning primary campaign plans, the governor disclosed GOP candidates will be in Pittsburgh, March 22, and in Johnstown, April 3, with "other regional meetings for the entire ticket" still in the planning stage.

HERE'S THE WAY THE OUTLOOK ON NYLONS STANDS

By JAMES MARLOW
Washington, March 14 (AP)—So you want nylon stockings?
Enough of them to meet the demand simply are not being made. And the manufacture of rayon stockings has dropped to a dribble. Maybe next month a steady flow of nylons will start reaching the stores. So say the hosiery makers. But they add this:
You can't expect to get all the nylons you want anytime in 1946.
An OPA official, in a position to know what he's talking about, says this:
The stocking industry now is turning out less than 1,000,000 dozen pairs of nylons a month, is shooting for 3,000,000 dozen pairs, may not reach that goal for six months.
No Normal Supply in '46
The National Hosiery Manufacturers association says:
"A normal prewar supply of women's hosiery will not be available to the market or the consumer during 1946, even after steady production has been established."
As noted, it hasn't been established yet.
(There's no evidence to support rumors that the nylon shortage is due to heavy shipments of the stockings overseas for higher prices.)
Nylon-making just got under way in 1940. Up to that time silk stockings dominated the market.
Then Came the War
Then the war came, shutting off the supply of silk from Japan.
The government needed all the silk we had on hand and all the nylon which could be produced.
So none of it went into stockings. Instead, rayon stockings were made.
During the war the mills which make rayon were forced by the government to ship a certain amount of rayon regularly to the stocking mills.
This is what kept American women in stockings, even though they were only rayon.
Rayon Can't Compete
But this order was abolished when the war ended. The rayon makers, according to the same OPA official, thought this:
1. Rayon can't compete with nylon as a stocking material.
2. Therefore, cut down shipments of rayon to stocking-makers. We'll soon lose them as customers. Instead, send the rayon we make to manufacturers who'll continue using it for other things. They'll be our regular, longtime, postwar customers.
The rayon makers did just that, gradually cutting down the amount of rayon sent to the stocking mills. The stocking-makers were set to make nylons.
But they began to have difficulty getting into the production of nylons. It was a new job for some of them. "Technological difficulties arose," is the way the experts say it. This slowed down output.
Hope They Guessed Right
The government may try—but on a voluntary basis and not under wartime orders—to get the rayon makers to ship more rayon to the stocking mills. This is not certain.
The hosiery manufacturers say:
"Production of women's hosiery in 1946 will approximate 40,000,000 dozen pairs—at most 10 pairs per woman."
Three out of every four pairs produced in 1946 will be nylons. This is about seven pairs per woman.

Mr. and Mrs. Richard Weaver, Mrs. Samuel Weaver, and the Misses Alice and Lillian Weaver, of Hagers-town, spent Sunday as guests of Mr. and Mrs. Raymond Pepple and family.
Dale Mickley, of York, spent the week-end with his parents, Mr. and Mrs. W. H. Mickley, who are based on a total of 30,000,000 dozen pairs.
Keep your fingers crossed. Just hope the stocking-makers have guessed right. Meantime, you'll have to wait.

Mr. and Mrs. Lester Shultz have moved to the D. M. Sheely farm vacated last fall by Mr. and Mrs. Darwin Eyer. The Shultzes formerly resided in Gettysburg. Mr. Shultz is an ex-serviceman.
Mrs. Laura King and Luther King, of Waynesboro, visited over the week-end at the home of their son and brother, respectively, Ross King and Mrs. King.
Mr. and Mrs. Clarence Mickley visited recently with relatives in Chambersburg.
Kernit Wetzel, who is employed in Baltimore, is spending a week with his parents, Mr. and Mrs. Luther Wetzel.
Miss Amanda Lochbaum entertained at dinner recently in observance of the 26th birthday anniversary of her nephew, Donald M. Shulley, and the fifth wedding anniversary of Mr. and Mrs. Willard Weaver. Donald and Mrs. Weaver are brother and sister. Others present were Mr. and Mrs. Louis Shulley, Miss Larita Shulley, parents and sister, respectively, of the honored guests, and Dorsey Lochbaum and the Weavers' son, Leonard.

Mr. and Mrs. Louis Shulley and daughter, Larita, spent a day the past week in York.

Protein Shortage May Cut Herds

Harrisburg, March 14 (AP)—Reduced dairy herds may result from increasing shortages of protein feeds and the difficulty of obtaining a regular feed supply, the state agriculture department said.
The state's milk output last month was down two percent from a year ago to 364,000,000 pounds, following a three percent drop in January, a report said.
Monessen, Pa., March 14 (AP)—The Page plant of the American Chain and Cable company, on strike since January, resumed full operation Tuesday with about 900 returning to work. The company signed a new contract with the CIO-United

Steelworkers, granting an 18 1/2 cents hourly wage increase with a retro-active raise of 9 1/2 cents an hour from January 1.
